Guadalcanal Battle Field

Unrest Growing Throughout Europe

Allied Domination of Skies Over Big Pacific Front Seen

Bombers Stall Thrust on Guadalcanal; Slash at Enemy Bases

Washington, Oct. 21.—(AP)—Allied domination of the skies in the vast Pacific battle front appeared growing mightier today as American bombers slugged Japanese invasion bases from the Aleutians to the Solomons.

The fury of the allied bombing of enemy troops and supply concentrations in the Solomons seemed thus far to have stalled, at least temporarily, the full force of a Japanese thrust to retake the American-held Guadalcanal airbase and win control of the Southwest Pacific.

While a large force of Japanese warships and auxiliary vessels in the Solomons and reinforced enemy troops on northwestern Guadalcanal still held an expected attack in leash, United States bombers dropped explosives on the embattled island's invaders on Oct. 18 and 19, and started fires at the Japanese Rekata bay base on Santa Isabel island, 150 miles to the northwest.

At the same time, Gen. Douglas MacArthur's Australian command reported last night, allied bombers were believed to have inflicted extensive damage on the Japanese airdrome and shipping at Buin, Bougainville island, about 315 miles northwest of Guadalcanal.

Possibility that the southwestern Pacific skies may soon become a hornet's nest of allied planes was seen yesterday in an assertion by Secretary of the Navy Knox that the number of Navy land-based planes was "steadily increasing."

Smash At Kiska
In the North Pacific, the Navy announced that on Oct. 18 the Army's heavy four-motored Liberator bombers smashed again at the island of Kiska, the last of three Aleutian bases once held by the Japanese.

Twelve tons of bombs were dropped on enemy shore installations and on a beached ship in the harbor. The explosives set fires in the camp area. The communiqué made no mention of any further aerial resistance, last encountered early this month.

Meantime, MacArthur's Australian troops further reduced the Japanese threat to the allied Port Moresby base in New Guinea by pushing the enemy back three miles in the Owen Stanley mountains.

The expected Japanese assault to recapture Guadalcanal airfield from which the American aerial attacks evidently are being launched, appeared still to be forming although the Navy declared the

Hurt Hurt

Nampa, Idaho, Oct. 21.—(AP)—Frank Hurt, Nampa radio station operator, walked a mile and a half, rode horseback 22 miles, then traveled 300 miles by automobile to obtain medical aid for a hunting wound.

Hurt fell from a log last Friday, suffered a six-inch cut which severed a leg artery. Accompanied by Jim Jenkins and two other men, Hurt began the long three-day journey out of the rugged Loches river country of north Idaho. Jenkins said Hurt collapsed several times from loss of blood, but physicians reported he was expected to recover and that the leg could be saved.

Malibu Beach Film Colony Endangered by Wild Brush Fire

Los Angeles, Oct. 21.—(AP)—An earthquake of moderate intensity, described as varying from a gentle rocking motion at inland points to fairly sharp on the seacoast, was felt throughout most of southern California at 11:24 a. m. (Central War Time) today. There were no reports of damage or injuries.

It was the sharpest at Santa Monica and Long Beach, the latter scene of a disastrous shock in 1933. It was felt with moderate force too at El Centro, deep in the Imperial valley and scene of a quake which killed several persons and did considerable damage in May, 1940.

Santa Monica, Calif., Oct. 21.—(AP)—A widely flaming brush fire had advanced to the edge of a county prison road camp in the Santa Monica mountains this morning, a sheriff's deputy reported, and hasty preparations were being made to evacuate the 60 inmates and dozen or so attendants.

A camp chief reached the sheriff's Malibu sub-station with his belongings, then returned to the prison base with the statement it would almost certainly be necessary for the men to get out.

The inmates, honor prisoners, live in barracks and are not locked up. A grumpy force of soldiers, Coast Guardsmen and civilians were striving with scant success to check the flames, which already had denuded an estimated 8,000 acres, much of it valuable watershed.

A second blaze broke out this morning on the Warner ranch near Calabasas, about three miles north of the main blaze. The ranch has been the setting for numerous Warner Bros. pictures.

Situation "Pretty Bad"

Dr. Fleming Loses Suit Against City, Heckman

Dr. S. C. Fleming, Paw Paw physician, lost his suit in Lee county Circuit court yesterday, directed against the city of Dixon and Percy Heckman, in which he sought to collect \$5,000 damages for an accident several months ago. The trial lasted through two days and late yesterday afternoon the jury returned its verdict.

The city of Dixon and Percy Heckman were found not guilty of charges preferred by the physician and the jury awarded Percy Heckman the sum of \$311.36 for damages to his car and assessed the court costs against the plaintiff. Attorneys James Dubbs of Mendota and Mark C. Keller of Dixon appeared for Dr. Fleming, while City Attorney Gerald Jones represented the city and H. C. Warner appeared for Percy Heckman.

Woman Charged With Malicious Mischief

Mrs. Gene O'Shea, 31 year old Chicago waitress, who wrecked a portion of the woman's department of the Lee county jail, was arraigned before Judge Grover Gehant in Lee county court yesterday afternoon on an information charging malicious mischief. Before being arraigned the waitress was given a blood test at the county jail, then taken to the court house.

Judge Gehant assessed a fine of \$25 and costs and placed the woman on probation for a period of six months, ordering that she report to the parole officer once each month. During the probationary period she was ordered to pay for the damage she did at the county jail, at the rate of \$10 monthly.

National Service Bill To Be Ready Within Fortnight

Compulsory Manpower Mobilization Will Be McNutt's Scheme

Washington, Oct. 21.—(AP)—War Manpower Director Paul V. McNutt announced today he would present a national service bill to President Roosevelt within two weeks as the Army indicated disapproval of proposals revealed by the president to release older men to take jobs in industry as a means of easing the labor shortage.

McNutt told the senate military committee that the manpower problem was becoming "too complex for effective voluntary action" and that "acute shortages" of all types of male labor existed in 40 major war production centers.

Robert P. Patterson, Undersecretary of War, issued a statement saying that Army would release 4,000 miners in an attempt to relieve a shortage of copper, lead, zinc, molybdenum, tungsten and other critical materials which was holding back war production, but saw "no need at this time for furloughing other troops."

Yesterday Roosevelt said that a number of soldiers 35 and older probably would be released by the Army to take jobs in munitions factories.

McNutt disclosed that the proposed national service bill would arm the administrative agency with three weapons:

1. The power to require employers to hire all workers through a central agency as a means of channeling workers into essential occupations.
2. Authority to control methods of labor utilization to prevent transfer of workers from a plant where laborers are being improperly utilized or "hoarded."
3. Power to require individuals to remain on the job, or to transfer to another.

"Turnover in west coast war plants has reached fantastic heights," McNutt said. "Labor piracy is rife in Buffalo and Detroit. Squeezing the last employable person in the area into employment is a crucial problem in Connecticut."

McNutt said the president instructed him several weeks ago to

Ashton Farmer Is Victim of Beating

John Chaon, 60, Ashton township farmer, was the victim of a slugging late last night and was found lying in a pool of blood on Broadway street, south of the Northwestern passenger station, by police at 1:30 o'clock this morning. He was removed to the Katherine Shaw Bethel hospital where several stitches were required to close numerous head wounds which the attending physician believed were caused by a black-jack.

The police call at 1:30 reported that a strange man was in a critical condition. Arriving on the scene the officers found that neighbors were about to place Chaon in a car to take him to the hospital. Police took charge and removed the semi-conscious man to the hospital where his injuries were dressed.

According to the police report, Chaon was observed in the business district about 10:30, and after talking with officers, climbed into a car. He remained at the hospital today in a weakened condition while a further investigation was being conducted by police.

British Royal Navy Restored to Its Pre-War Strength in Capital Ships

London, Oct. 21.—(AP)—Two powerful 35,000-ton battleships, the Anson and the Howe, each carrying ten 14-inch guns, have moved into their stations in the British fleet and their commanders were reported spoiling for a fight with the great prize of the German fleet, the battleship Tirpitz.

The British fleet has now reached its pre-war strength of 15 battleships and battle cruisers and at least four more battleships are under construction, including the Lion and the Temeraire, rated at 40,000 tons.

The Anson and the Howe are the last of the five great battleships of the King George V class to be commissioned. The Prince of Wales was sunk last December during a Japanese air attack off Malaya. The King George V and the Duke of York have been with the fleet for some time.

One of the Anson's first tasks was to help guard a Russian-borne convoy in the Arctic and her guns already have been in action against German aircraft, it was announced.

The new battleships "carry four aircraft each and their design incorporates enhanced defense against air attack," an Admiralty announcement said.

Britain has lost five capital ships by enemy action so far in the war—the Royal Oak, Hood, Barham, Repulse and the Prince of Wales.

500

(By The Associated Press)
The battle of the Atlantic claimed its 500th announced victim as the Navy announced today the loss of a medium-sized merchantman in the North Atlantic.

The Associated Press tabulation showed that in the 500 announced sinkings of united and neutral nations' merchant ships since Pearl Harbor, 3,400 lives have been lost and more than 1,954 crew members and passengers are missing, most of whom may now be considered dead.

More than 15,462 persons were rescued from the ships and safely landed at western Atlantic ports. At least 60 ship captains are known war casualties, including 12 imprisoned aboard Axis raiders between June and August of this year. One of the 12 was the captain of the freighter whose loss was announced today. The ship went down in July.

At least 191 American merchantmen have been lost since Dec. 7. Britain lost at least 86, and Norway 48.

Steel Makers, War Production Chief Thank Newspapers

New York, Oct. 21.—(AP)—Mountains of old metal, piled up during the newspaper-sponsored collection drive, were moving today toward America's scrap-hungry steel mills.

Incomplete reports from 47 states showed more than 3,500,000 tons had been tallied and headquarters of the newspapers' united scrap metal drive said the trend indicated the final total would be double that figure.

Scrap uncovered during the drive was expected to make certain the war-busy steel mills suffer no scrap famine during the winter. Steel industry sources added their thanks to those of War Production Chief Donald Nelson, and said the newspaper drive had enabled mills to build up stockpiles.

The latest tabulation of the newspaper collection, with returns still coming in, showed Kansas leading with a per capita average of 129.6 pounds for every man, woman and child in the state. The total there was 160,873 tons.

Wyoming was second with 104.2 pounds per person or a total of 13,098 tons; Pennsylvania third with 101.2 pounds and 505,850 tons and Nevada fourth with 92.3 pounds and 5,065 tons.

Next in rank on the basis of pounds per person, with total tonnage were: Rhode Island 90.1 pounds, 32,700 tons; Delaware 91.7 pounds, 12,026; Montana 85.3 and 23,818; Iowa 85.2 and 108,000; Michigan 85 and 223,200; and New Hampshire 80.8 and 19,888.

Committee Listing
After those top ten states the committee listed:

Indiana 80.7 pounds per capita, 138,370 tons; New York 79.1 and 522,151; Nebraska 77.2 and 50,776; Colorado 76.9 and 43,282; Oregon 76.3 and 41,640; Connecticut 75.4 and 64,447; Vermont 75.2 and 13,504; Massachusetts 67.2 and 145,000.

Utah 67.8 and 18,422; California 65.1 and 225,000; Maine 63.7 and 27,000; Oklahoma 62.9 and 70,003; Ohio 58 and 200,000; Texas 53.4 and 71,325; Florida 52.8 and 50,000; Virginia 51 and 68,275; Arizona 47 and 11,745; New Mexico 46.6 and 12,400; Minnesota

Wedding

Columbia, S. C., Oct. 21.—(AP)—Former State Senator James H. Hammond was walking along a street when a North Carolina couple stopped him and asked to be directed to a notary.

"To get married?" Hammond asked and got an affirmative reply.

Hammond, a notary, hadn't time to go back to his office, so he heard the vows on the spot, with a sidewalk audience of 50 on hand.

French Enter Most Critical Period of Pact With Germans

Given Until Nov. 1 to Send 150,000 Workers to Nazi Factories

Bern, Switzerland, Oct. 21.—(AP)—All Serbia was reported under martial law today as a tide of unrest and uncertainty continued to sweep occupied Europe from Norway to France and the Balkans.

Private advices from France pictured that unhappy land as entering upon her most critical period since the 1940 armistice, with 11 days remaining to Chief of Government Pierre Laval before he is expected to try compulsion to meet Hitler's demands for French workers.

Martial law was decreed by the puppet Serbian government at Belgrade, said a Budapest dispatch to the Basler Nachrichten, after the Nazi military commander in Serbia, Gen. Bader, announced numerous arrests had been made because insurgents had attempted to organize a revolt against occupation authorities.

Many Serbs Executed
The Basler Socialist newspaper, Arbeiter Zeitung, recently reported that the Gestapo had put to death 500 to 600 Serbs who plotted a revolt.

The period to Nov. 1, private advices from unoccupied France said, represents the extension of time set by Berlin for fulfillment of its labor demands for 150,000 volunteer French workers.

It also is the period, informed French observers said they believed, which will demonstrate whether Laval could hope to cling to his position as Chief of Government in the face of persistent, although thus far scattered, opposition.

These observers, who would not permit use of their names, said popular resentment over work conscription, increasing agitation in axis quarters over the question of whether Dakar would be involved in an African offensive and revival of discussions along the channel all combined to make Laval's position difficult.

Levy on Each Plant

Reports reaching Bern said Admiral Jean Darlan, commander in chief of France's land, sea and air forces, was expected to leave for Dakar tomorrow.

The Vichy radio reported that Laval arrived in Paris this morning and summoned the provincial prefects of the occupied zone who, it was announced earlier, would be charged with enforcing labor conscription.

In his radio speech last night, in which he renewed his appeal for Frenchmen to go to work for the Germans, he announced an agreement for a levy upon each factory "which will be obliged to furnish a certain number of workmen."

This levy, he said, had been agreed upon by his government "out of apprehension lest measures of constraint be applied to France."

He declared that his government would not tolerate individual resistance, group agitation or resistance of those "remaining deaf" to his order.

Gestapos Bombed

London, Oct. 21.—(AP)—Several Germans were killed by a bomb explosion in Gestapo headquarters at Cherlerol, Belgium, Belgian sources in London said today.

Lee's Dry Proposal is Called 'Sneaking'

Washington, Oct. 21.—(AP)—While Senator Lee (D-Okla.) claimed mounting support for his bill to ban liquor from Army camps, Senator Smathers (D-N.J.) denounced it today as "a sneaking, undemocratic and un-American effort of the old Anti-Saloon League."

This effort, Smathers said in a statement, is "to take advantage of world conditions and use the war as an excuse to foster the terrible curse of national prohibition upon the country again."

A showdown was possible tomorrow on Lee's "bone dry" amendment to legislation lowering the draft age to 18.

Majority Leader McCormack (D-Mass.) told the house he hoped the draft bill would "not be converted into a prohibition bill" and predicted that if the senate attached Lee's amendment, the draft measure would not be disposed of finally until after the Nov. 3 elections.

Nazi Offensive at Stalingrad Boggling Down in Cold Rains

Germans Lose 70 Pct. of Effectives in Drives Against City

BULLETIN
London, Oct. 21.—(AP)—A Vichy broadcast heard by Reuters said RAF planes bombed port installations at Lorient today, killing 100 persons and injuring 350. Lorient is on the south coast of France's Brittany peninsula.

By ROGER D. GREENE
Associated Press War Editor
Field Marshal Jan Christian Smuts, Prime Minister of South Africa, told an unprecedented joint session of the British Houses of Parliament today that "the stage is set for the last, the offensive stage" of the allied war effort.

While Russian headquarters were announcing that the latest German offensive had been contained since Sunday in cemetery-like streets of Stalingrad, Field Marshal Smuts declared the German army was "bleeding to death" in Russia and urged:

"Whatever help in whatever form we can give to Russia to sustain her in her colossal effort should be given in fullest measure and with utmost speed."

At Stalingrad, Hitler's week-old offensive obviously was running down in the cold rain of the Volga basin.

58th Day of Siege

It was the 58th day of siege. German field headquarters acknowledged that the Russians were launching powerful diversion attacks against the Nazi-guard north flank, above Stalingrad, but asserted they had been repulsed in heavy fighting.

For the third successive day the Germans stressed bad weather conditions along the battle line, declaring that rains were hampering operations both in the Stalingrad zone and in the Caucasus.

As the din of battle subsided, with Nazi attacks growing successively weaker, the Soviet command reported that the city's reinforced defenders had beaten off a series of attacks and "hurled back the enemy to his original positions."

German losses were estimated as high as 70 per cent of their effectives in the new drive which began last Wednesday.

Reds Improve Positions

The Russians declared they had improved their positions through counterattacks in the northwest and central Caucasus.

Dispatches to Red Star said Russian troops guarding Stalingrad's northern factory section had "liquidated" a German breakthrough and declared that the fight for a nearby workers' settlement was now confined to a struggle for two streets on the outskirts.

Red army gunners were credited with repulsing two furious assaults by a German motorized infantry regiment, the first supported by 40 tanks and the second by 70.

Front-line reports said Russian reinforcements, ferried across the Volga under a tempest of German artillery fire and bombing at

THE WAR TODAY

By DEWITT MACKENZIE

London, Oct. 21.—There are fewer than 200 prime targets the American and British bombers need to destroy in France and Germany in order to render Hitler so vulnerable that the allies could roll their army over him and end the war by next fall. These targets comprise Nazi Germany's chief war industries and all-important rail communications and rolling stock. In short, they represent the sources of much of the fuhrer's striking power and the means of moving that power into action.

In order to achieve this destruction quickly and thereby prevent great prolongation of the war, American and British bomber forces based in this country would have to be increased heavily. Moreover, they would have to be augmented immediately.

And how much air power would be needed to carry out this program?

Obviously, no attempt can be made to give detailed figures in this article since that would provide information for the enemy.

However, it can be said that if these two forces were trebled within the next couple of months, the Anglo-American allies could achieve enough by spring so that an invasion army could be got into operation.

This concentration of air force in Britain would be met:

- (1) By current production in both countries;
- (2) By transferring warplanes from other activities which could spare them for this major operation in western Europe.

In this second category might fall some of the submarine scouting now being carried on by war-

Malta

London, Oct. 31.—(AP)—Malta has had 1,660 bombing attacks and destroyed 1,069 enemy aircraft up to Oct. 19, Sir Archibald Sinclair, secretary of state for air, told the House of Commons today.

He said 1,386 civilians had been killed up to Oct. 20 and 6,704 buildings destroyed or damaged.

Bill of Rights Threatened, Dean of Columbia University Believes

New York, Oct. 21.—(AP)—Dean Carl W. Ackerman of the Columbia University School of Journalism says that "under the cloak of war emergency" the American way "is being profoundly changed by law and directives" that hit directly at a free press and the Bill of Rights.

Ackerman told the Fourth Accounting Institute banquet last night that American newspapers were being subjected to a "freezing process by our government," and if the forces out to complete the process succeeded "we may have freedom of speech but be deprived of the freedom to speak."

He said the lawsuit brought recently by the justice department against The Associated Press and 1,275 American dailies was a further move to "freeze the press into a new mold," adding that the suit had "no justification whatever by the necessities of war."

Former Warden of Joliet, Stateville To Return to Post

Joseph E. Ragen Named Successor to Stubblefield by Governor

Chicago, Oct. 21.—(AP)—Joseph E. Ragen, whose appointment as warden at Stateville and Joliet penitentiaries was announced yesterday by Governor Green, today had the chief executive's assurance that he would be "entrusted the responsibility of administration without interference."

Ragen, one time superintendent of Illinois prisons, said he had accepted the governor's appointment to return to the state post he had left Feb. 26, 1941.

The governor said that the prisons "have been placed absolutely in Ragen's charge. He understands that their administration is up to him entirely and that he, and he alone, is responsible."

Japanese, Germans Broadcast Threats

New York, Oct. 21.—(AP)—The Tokyo radio, continuing to broadcast threats of severe punishment for United States fliers taken after raids on Japanese territory, named today four airmen it said had fallen into Japanese hands after the April 18 raid on Tokyo led by Brig. Gen. James H. Doolittle.

The names were given as Second Lieut. William J. Farrow, 23, of Darlington, S. C.; Second Lieut. Dean E. Holmark, 27, Dallas, Tex.; Corporal Jacob D. DesHazer, 29, of Oregon; and Sergeant Mechanic Harold A. Spatz, 20, of Kansas.

The Tokyo radio on Monday said that U. S. airmen captured after the raid had been convicted of "inhuman acts" because, it was charged, they bombed civilians and machine-gunned school children. It was said they "would be severely punished in accordance with international law."

Four U. S. airmen whose names closely resemble those given in the Tokyo broadcast, as heard in London, were in the list of 80 officers

SERVICE

One Dixon and one Polo air cadet were recently pronounced

"ready for combat duty" as the final stamp of approval was placed on 166 fledgling flyers from Illinois at seven advanced training schools of the Gulf coast training center today as they won silver wings of the Army air forces. Every section of the United States, Latin America, even Shantung, China, was represented on the huge class roster, the ninth group to graduate since Pearl Harbor.

From Ellington field Staff Sgt. Gerald W. Lightner (top), son of Mr. and Mrs. M. J. Lightner, 1601 First street and graduate of the Dixon high school, was graduated.

Lieut. Robert W. Adams of Polo, (below), who completed his training at Lubbock field was the second successful student from this area, both being classified as bomber pilots.

The mechanics role in modern air warfare was recognized by this class which established a tradition by electing a crew chief at

each field as an honorary member of their group. Absent was the fanfare of airplanes roaring overhead, speeches and long ceremonies at this wartime graduation. Instead the pilots marched up, received their silver wings, saluted smartly and turned to begin their active flying duty. All have requested immediate action.

Included in the Foster Field class of 42-1 is First Lieut. Harold C. Theus of Bethany, Okla., an ordained minister and army chaplain. He put aside his ecclesiastical robes to become a fighter pilot flying a P-40 or Lightning P-38.

One member of the Moore Field class who wants a chance to avenge his home town is Brian P. Glass of Shantung, China.

Merrill E. Noakes, 25, son of Mr. and Mrs. Milton Noakes,

route 1, Polo, is a member of the largest class yet to graduate from the nation's gunnery school located in the semi-tropical Rio Grande valley at the Harlingen army gunnery school at Harlingen, Texas. Automatically promoted to sergeant on the day he received his diploma as an aerial dealer in sudden death, he was also presented a pair of silver wings, combat air crew insignia. Unless he is held at the Harlingen school to serve as an instructor, he will immediately be sent to join a fighting unit.

Lieut. Rober Beier, son of Mr. and Mrs. Arthur Beier, has cabled his parents that he has arrived safely overseas.

William M. Rourke, son of the W. M. Rourke of 718 East Chamberlin, has enlisted in the Signal Corps, and has begun basic training at Drake university. He has been a faculty member at North high school in Des Moines for a number of years.

"Utilization of Native Fish and Game"

The Illinois sportsmen will this year play an important part in relieving the food problem on the promised "meatless" days which we are told are to come. History does repeat itself and once again the streams and woods of the prairie state will furnish necessary food.

Livingston Osborne, director of the department of conservation for the state of Illinois, predicts that Illinois sportsmen are going to have the greatest hunting season they have had in many years. It is said that the pheasant and quail crop this fall will be the heaviest in many seasons and the ruck flight will exceed previous years by thousands of birds. It is estimated that nearly half-a-million pheasants will be the record this year. The weather and crop conditions have been excellent for wild birds to produce a large crop of young. When the hunting season opens, the state will have shipped 90,000 pheasants to various parts of the state and distributed 55,000 quail, as part of the program of replenishing game birds.

The state has also carried on extensive restocking of fish in rivers and lakes. Illinois waters have gained the enviable reputation of containing more pounds of fish per acre than the waters of any other state north of the Ohio river. In the past much of the poundage was found to be made up of little fish, so now the state is putting out thousands of pounds of adult fish annually. These fish are reared in state hatchery ponds to an adult stage and then thousands of bass, bluegills, and other game fish are distributed to Illinois waters. The equipment owned by the state for transporting and handling the fish is said to be unequalled by any state in the Union. Experienced fishermen have learned that fishing is better in the cooler seasons of the year, particularly in the spring and fall, than it is in the hot summer months.

The hunter can offset the meat shortage if he puts his game in sharp freeze at the close of the season. The state conservation department announces this year that licensed hunters who apply for a permit will be allowed to keep pheasants in cold storage lockers until 30 days after the close of the migratory waterfowl season. This new ruling permits them to retain these fine upland game birds more than four weeks

longer than they could possess them in past years. Since ducks, geese and other waterfowl may be retained for the same length of time, the hunter may keep his limit of pheasant, ducks and geese until January 22nd. With the prospects for excellent hunting and fishing this fall, if the hunter and fisherman makes his quota, he will have a satisfying supply of game and fish that will make "meatless days" pass practically unnoticed.

The recipe for this week is the preparation of roast duck (wild). Let stand in warm room until chill is completely off. Dress, clean, stuff with sliced apple or onion, and truss. Sprinkle with salt and pepper, cover breast with two very thin slices fat salt pork. Bake 15 to 30 minutes in very hot oven (450 degrees F.) basting every five minutes with fat in pan. Remove apple or onion. For very rare duck, roast 12 to 20 minutes, according to size.

BERWYN MUSICIAN-LECTURER ENTERTAINS AT GUEST DAY MEETING OF PHIDIAN CLUB

Combining the unusual professions of pianist and lecturer, and demonstrating in a satisfying way that she is versatile enough to make such a combination into an afternoon of varied and refreshing pleasure, Margaret Freck Brown of Berwyn presented her colorful "Brazilian Travelogue Through Music" for members of the Phidian Art club and their invited guests Tuesday afternoon. Mrs. W. G. Murray and Mrs. Arthur Morris were co-hostesses at this Guest Day event, entertaining at the Murray home.

Recreating much of the spirit of Brazil by playing compositions of its musicians, Mrs. Brown gave her audience the "feel" of that South American republic through the music of Villa-Lobos, Octavio Pinto, and others and by telling of her personal experiences in "keeping house" there, as the wife of a civil engineer.

At intervals during her engaging travel talk, the talented musician-lecturer presented the following numbers at the keyboard: "Leme," (Darius Milhand), the story of Leme beach; "Punch" and "Impressoes Serraterias," (Villa Lobos); "Lenda Sertareja" (Francisco Miguone); "Marchado Pequero Polegar," (Octavio Pinto), and a stirring "Grand Fantasy on the Brazilian National Anthem" by Louis Gottschalk.

Mrs. Brown honored her Dixon listeners with her performance of "Impressoes Serraterias," (the impressions of any Brazilian lover), which probably was being played for the first time in the United States, as it came off the press only the day before Mrs. Brown's departure from Rio de Janeiro last year.

Describing Brazil as "my favorite place to live,"—and she has traveled extensively through South America and Europe—Mrs. Brown regards Rio de Janeiro as the most beautiful city in the world. "Even the fragrance of the tropics meets you, almost before you see land after the days on the ship from New York," she says.

The Brazilians are a formal people, the clubwomen learned. Smartly dressed always, they abhor the active sportswear of this country. Neckties are worn by men on all occasions, even though they are unshaved, and a man without a tie may be refused admittance on a street car.

Watching the sunset and the lighting of the city from the Sugar Loaf is an unforgettable experience. For three days preceding Lent, the Brazilians don costumes, but at no other time do they wear other than their usual attire. Riding in open cars with tops lowered at carnival time, the women sit on top of the seats, their long skirts almost sweeping the street.

ONE-MAN SHOW

Holger Jensen, Grand Debut artist, is exhibiting a one-man show in the Dickerson Art gallery at Frances Shimer college, Mount Carroll, which he is inviting everyone interested to view. The collection, consisting of 20 oil paintings and ten water colors, was hung Oct. 18, and will be on view through Sunday, Nov. 1. Several of the paintings were completed during the past year, and subjects range from the Rock river valley to Mexico and the Smoky mountains.

and the procession cruises about for hours.

Approximately 30,000 school children sing together every Sept. 7, led by Villa Lobos. Mrs. Brown also spoke of the trip from Rio down bay to the tropical islands, which are much like Bermuda, only smaller, and entirely without automobiles. Brazil has always had compulsory military training, she said, including one year of intensive training and nine years of reserve service.

The gasoline shortage is being felt, and cars are being shared. Mention was also made of Sao Paulo, the Chicago of Brazil, and Santos, its port and coffee center, where, before World War II, ships were to be seen, three deep, in the mile of harbor, being loaded with coffee. Now, plastics are being manufactured from poor grade coffee.

The railroad inland from Santos to the coffee plantations, that circles precipitous curves and crosses the mountain range, is called the "railway of golden spikes," and is said to be the most expensive railroad ever constructed. The natives of the interior are illiterate, for the most part, Mrs. Brown stated. Young boys and girls are kept apart until engaged, and they do not date. "But the boys do serenade," she told her listeners.

The lecturer also remarked that there is no central heat in Brazil, also some fireplaces are provided for Americans; there seems to be no thought of interior decoration, with chairs, portraits and tables arranged alike in homes both rich and poor, the only difference being in their grandeur: one buys goat's milk from boys in the street, who milk the animals at the doors of their patrons. Natives, Mrs. Brown found, are anxious to learn English, because of the movies, although the captions are in Portuguese.

Mrs. W. A. McNichols and Mrs. Lyle Prescott sat opposite at the tea table, following the program. Ninety or more members and guests attended.

A homing pigeon can fly as much as 600 miles in one day.

Club Speaker

ALICE GRAHAM WINTERS

Mrs. Winters, prominent member of the Chautauqua Woman's club of Chautauqua, N. Y., will address members of the Dixon's Woman's club Saturday afternoon at the Loveland Community House. Her subject is to be "The Madonna of the Trail." Her husband, Dr. Carl S. Winters, is pastor of the First Baptist church of Oak Park.

WOMEN EMPLOYEES OF TELEGRAPH ARRANGE PARTY

Goodbyes were being said to Mrs. James D. Cooper, when women employees of the Dixon Evening Telegraph met at dinner last evening at The Town House. The Coopers expect to leave Saturday morning by motor for Los Angeles, Calif. to reside.

In behalf of the group, Mrs. Eustace Shaw presented a gift to Mrs. Cooper, who has been employed in the job printing department for the past four and a half years. Others in the party were Mrs. Wesley Rutt, and the Misses Helen, Agnes and Catherine Murphy, Lois Fellows, Alice Sheller, and Jeanne Hemmen.

BIRTHDAY CLUB

Mrs. Marie Ortgiesen was hostess to the Lucky Thirteen birthday club, Monday evening, honoring Mrs. Joseph Murphy's anniversary. Three tables of bucco were in play, with Mrs. Jay Curran, Miss Marguerite Stoner, and Mrs. James Curran sharing favors.

Mrs. William Connell, Mrs. Ross Cooper, and Miss Grace Ford, sister of the hostess, were invited guests.

EVENING UNIT

The major study, "Apples with Less Sugar," was presented by the hostess, when members of Dixon Evening Home Bureau unit met last evening at the home of Mrs. David Crawford. Miss Marian Simpson, home adviser, presented the major lesson, "Vitamins up to Date." Refreshments followed the program.

Mrs. Archie Brown will entertain at the next meeting, Nov. 17.

Oak Park Woman Is to Address Dixon Clubwomen

When members of the Dixon Woman's club gather at the Loveland Community House on Saturday afternoon for their second meeting of their forty-sixth year, they will be listening to a challenging lecture, "The Madonna of the Trail," to be presented by Alice Graham Winters of Oak Park, well known speaker, who has been active in the American Association of University Women, League of Women Voters, and is prominent in the Chautauqua Women's club.

In private life, Mrs. Winters is the wife of Dr. Carl S. Winters, pastor of Oak Park's First Baptist church. She is, herself, a licensed minister, and assists her husband in the youth and children's work of the church, as pastor of the Junior church.

She has served as president of one of the largest churches in Michigan, and clubwomen whom she has addressed refer to her as "an inspirational speaker with something worthwhile to say." She spends each summer in study at Chautauqua, N. Y., where she is prominent in the Chautauqua Women's club, whose membership represents every state in the Union.

Saturday's program is sponsored by the department of public welfare, headed by Mrs. L. C. Street. Other members of the committee are Mrs. Louis Pitcher, Mrs. E. H. Prince, Mrs. R. J. Finley, Mrs. J. B. Lennon, Mrs. Arthur Marks, Mrs. W. J. Williams, and Mrs. W. G. Murray.

Miss Edna Decker is hostess chairman for the afternoon. Her co-hostesses are Mrs. L. N. Deutsch, Mrs. F. N. Deutsch, Mrs. Gavin Dick, Mrs. Leo Dixon, Mrs. Robert Dixon, Mrs. Charles Edouis, Miss Hope Edson, Mrs. H. M. Edwards, Mrs. Victor Eichler, Mrs. Adolph Eichler, Mrs. Clyde Emmert, Mrs. Harold Emmert, Mrs. Homer Erzinger, Miss Anne Eustace, Mrs. J. R. Fitzsimmons, Mrs. Roy Ford, Mrs. Frank Foreman, Mrs. Karl Forsberg, Mrs. B. J. Frazer, and Mrs. W. D. Fricke.

SORORITY PLANS RUSH SEASON

Plans for the chapter's rush season and for an autumn party were discussed by Beta Sigma Phi of Gamma Nu chapter Monday evening, when members of the Greek letter group met at the Loveland Community House. The Misses Helen Friedrichs and Mary Jean Hake presented the evening's study topic, which was followed by a round table discussion on "Happiness."

PLAN PARTY AT ORPHANAGE

Mrs. Clara Shawger's class of the First Methodist Sunday school will hold a party at the Peek orphanage near Polo at 7 o'clock Friday evening. Members wishing to attend may notify Mrs. Richard Belcher, Mrs. Archie Brown or Mrs. R. K. Goldthorpe.

TO FLORIDA

Miss Amy Sickels is visiting Mrs. Elwood in DeKalb. On Oct. 28, she expects to join her sister, Mrs. Gracia Welch, in Chicago, from where they will leave for St. Petersburg, Fla., where they have taken a house for the winter.

JUNIOR CLUBWOMEN HAVE MASQUERADE AT LOWELL PARK

A blazing hearth fire, casting eerie lights upon a typical Halloween setting, awaited members of the Junior Woman's club, when they met at Lowell park lodge for their masquerade party. Bobbing for apples, charades, and other traditional pastimes provided fun for the Halloween lunch.

Miss Carol Christianson won the prize for the prettiest costume, and Mrs. Harold Brantner's attire was considered the most humorous. Mrs. William Hanson and Mrs. Robert Grow shared honors in the games.

Miss Ruby Jensen, Miss Virginia Cook, and Mrs. Eldon Potter composed the hostess committee.

PEORIA SPEAKER TO BE HONORED AT TEA, SUNDAY

Tea will be served in the dining room of the First Methodist church at 6:15 o'clock Sunday evening, honoring Miss Laura Batin of Peoria, who returned a year ago from China, having served as public nurse and organized health centers in her district. She is now doing research work in Chicago.

The district in which Miss Batin worked in China is now occupied by the Japanese. Following the tea on Sunday evening, she will address the young people from 7 to 7:45 o'clock, and from 7:45 until 8:30, she will speak to young and old in the church auditorium. The public is invited to hear her.

LIEUT. JENKS VISITS HERE

Lieut. Lawrence Jenks and his bride, the former Miss Evelyn Christine King, reached Dixon yesterday morning to visit until tomorrow with his brother, Al Jenks, and their aunt, Miss Beulah Carson.

Lieutenant Jenks claimed Miss King as his bride June 21, at Madison, Tenn. On Oct. 14, he was graduated from officer's training at the engineers school, Fort Belvoir, Va., and has been stationed at Camp Claiborn, Louisiana. From Dixon, the couple expect to return to Alexandria, La., where they will reside at the camp post.

SUNDAY TRAIL RIDE TO TAKE PLACE AT MOLINE

Members of the Illowa Horseman's club at Moline are announcing their final trail ride of the season for Sunday. The riders are scheduled to leave the Blackhawk Hills Country club stables at 9 a. m.

According to word received from M. J. Bowlin, secretary, reservations will close at noon, Saturday, feed for the horses, and stabling. The entry fee includes dinner.

FDR Offers Economy Hint—Take Check

Washington, Oct. 21.—(AP)—President Roosevelt, who has had some experiences with finances, offers this economy hint:

Take your salary in check, not in cash.

The president explained to a press conference yesterday that when he was a navy department executive in 1914, he took his pay in cash, put it in his pocket and later did not know where it went.

Complaints began to rise at home about paying the grocery bills, he added, so he began taking his salary in check and depositing it in the bank. He withdrew about \$5 for his own use each week.

Another Illinois Man Awarded Silver Star

General MacArthur's Headquarters, Australia, Oct. 21 — (AP)—Staff Sgt. Donald T. Ostlund, Dewey, Ill., was awarded the silver star in a ceremony here today.

Sergt. Ostlund was awarded the silver star for continuing to man a gun against attacking Japanese Zero fighters although he was wounded.

He was a turret gunner on a Flying Fortress which had the leading position in a bombing raid Aug. 2 over the north coast of New Guinea.

Nine Zeros intercepted the formation, concentrating their fire on Ostlund's plane and scoring 15 hits with explosive cannon shells.

His citation said Ostlund was wounded at the start of the air battle but continued to fight until the Zeros were beaten off.

Warned of Warrant, Man Commits Suicide

Yorkville, Ill., Oct. 21.—(AP)—Sheriff Robert Woodard told Ernest Erickson to drop around after supper—he had a warrant for him. Erickson, 33, the father of five children, didn't return, so Woodard drove to his home. There he found him dead from a shotgun wound in the head.

Erickson's brother, Albert, 36, testified at an inquest yesterday that he had signed the warrant following a family quarrel. The coroner's jury returned a verdict of suicide.

Here's what

And here's what you

When his basic training's over and he's sent to fight the hard-hitting Nazis and Japs, you want him to have the finest fighting equipment a man ever had—and plenty of it.

You—yes, *you*—can help him get it . . . by putting every dime and dollar you can into War Savings Bonds—at least 10 percent of your pay every pay day!

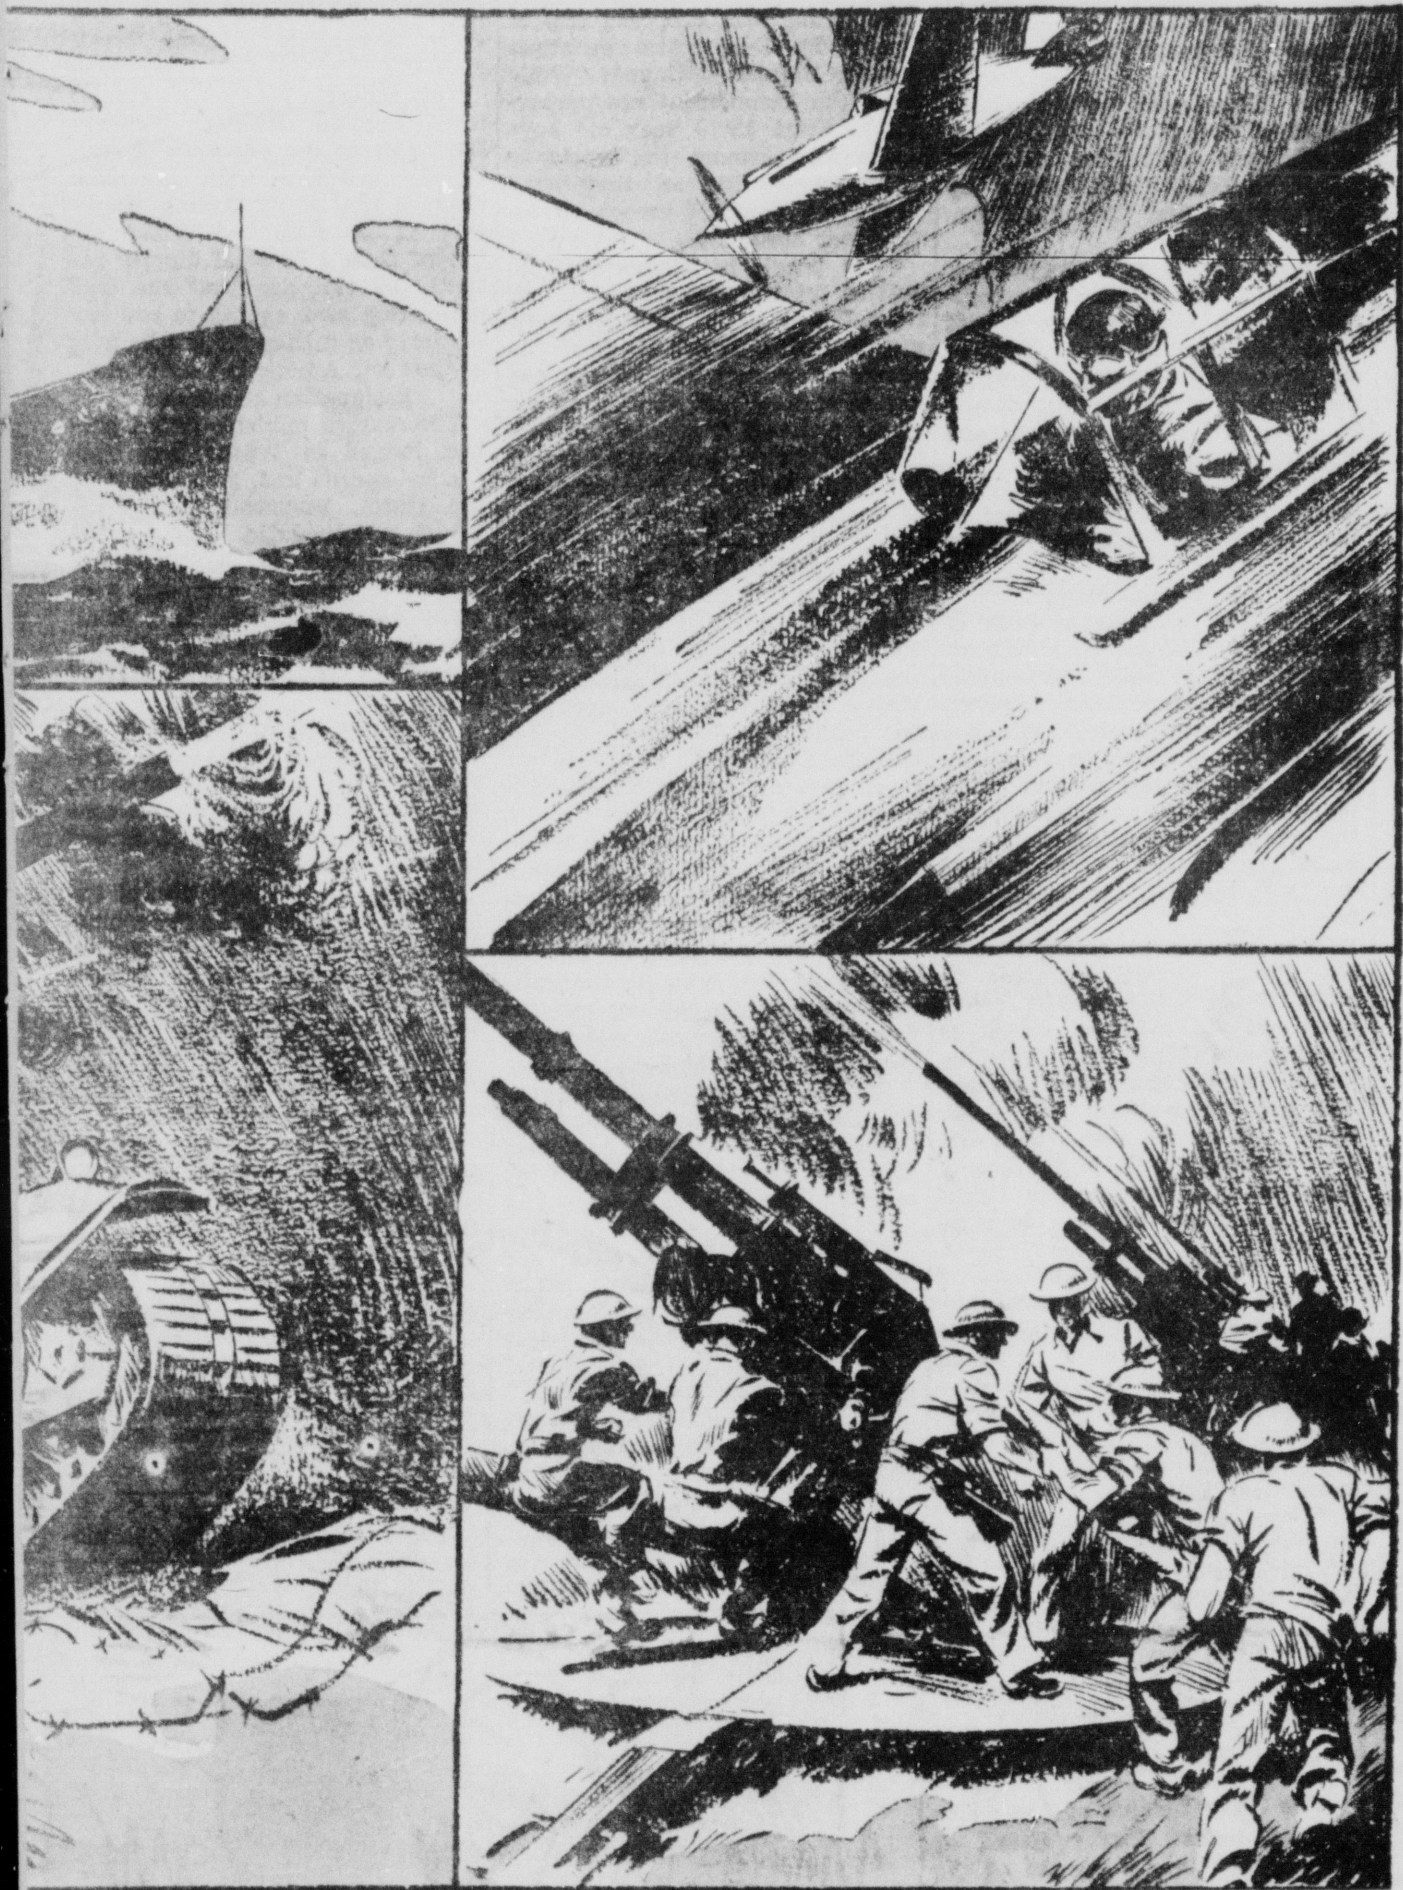

So take a look around. You could save more, couldn't you—for him—if you took the bus to work or shop instead of the car?—if you didn't go for a drive on Sundays?—if you didn't buy that "extra something"?—if you could

ne useless spending here and some more there. Sure
I could.
d just think! Those extra dimes and dollars put into
ar Savings Bonds might end the war sooner, bring him
ne safe and sound a day, a week, a month sooner than
ou didn't save those dimes and dollars.
hen you think of it that way, it makes you want to go
right now, doesn't it, and bring home the biggest Bond

TAX BILL VICIOUS PERSONAL TAX SPIRAL

(Editorial from New Bedford, Mass., Standard-Times).

The proposed bill creates 43,000,000 federal tax payers, 28,000,000 of whom never before have paid federal taxes.

The tax, in lower brackets, ranges from \$65, on an income of \$1,500, to \$860, on an income of \$5,000. (Married man, no dependents—not including state income tax.)

Thousands in these brackets cannot pay these taxes which they have not expected nor prepared to pay.

Thousands of others, including the so-called rich, cannot pay except from income expected in 1943.

To make the necessary dent on the pending war bill, tax rates on 1943 income will have to be greater than the high rates of the current bill.

Thus rich and poor face a vicious spiral—harder work to produce more income to pay past tax, with ever heavier tax due on current income, with which the past tax is paid.

Thus each year the tax payer, large and small, mortgages for the next year's taxes the income with which he pays the tax of the year previous.

The treasury has for years encouraged the policy of paying taxes in installments in the year following.

It now is coming home to roost—in the pantry of the poor, in the pay roll deduction plan of the treasury's bond sales—and in privation and prostration of people at war.

A stark analogy of this vicious tax spiral occurs in ancient penal torture, the "water cure."

In the "water cure" the incorrigible prisoner was placed in a tank with water rising.

To keep from drowning the prisoner must pump until exhausted.

The tax spiral goes the water cure one better.

For under the proposed system, the harder the tax payer "pumps" to get the money for the past year's tax—

The more he owes for the current year.

Inevitably there comes a year when the income will not pay the past year's tax.

This vicious tax spiral will end in complete exhaustion and despair—

Unless promptly recognized and remedied.

Union Man, Sought Since June 5, 1941 Arrested in Florida

Chicago, Oct. 21.—(AP)—Missing since June 5, 1941, Michael Savachka, 32, has been arrested in Miami Beach, Fla., the Federal Bureau of Investigation announced yesterday.

He was a key witness in a \$910,000 accounting suit against Max Caldwell, deposed business manager of the Chicago clerks union.

Caldwell, during a civil suit deposed, repeatedly insisted that "Savachka will tell you what happened to the money." But Savachka, financial secretary of a clerks local, left shortly before the suit was filed and was not found until yesterday.

FBI officers said he was held in Miami by federal authorities for failure to report for a selective service physical examination.

A Chicago Circuit court contempt citation also is outstanding against Savachka for his failure to produce books and records of the union.

Information here was that Savachka would be brought before a U. S. commissioner in Miami today for hearing on a removal to Chicago.

Three Children Die In Wisconsin Blaze

Medford, Wis., Oct. 21.—(AP)—Three small children burned to death yesterday afternoon in a fire which destroyed their farm home, four miles northwest of Medford.

The dead: Elroy Jischowski, 4; his brother, Donald, 2; and his sister, Carol, 13 months.

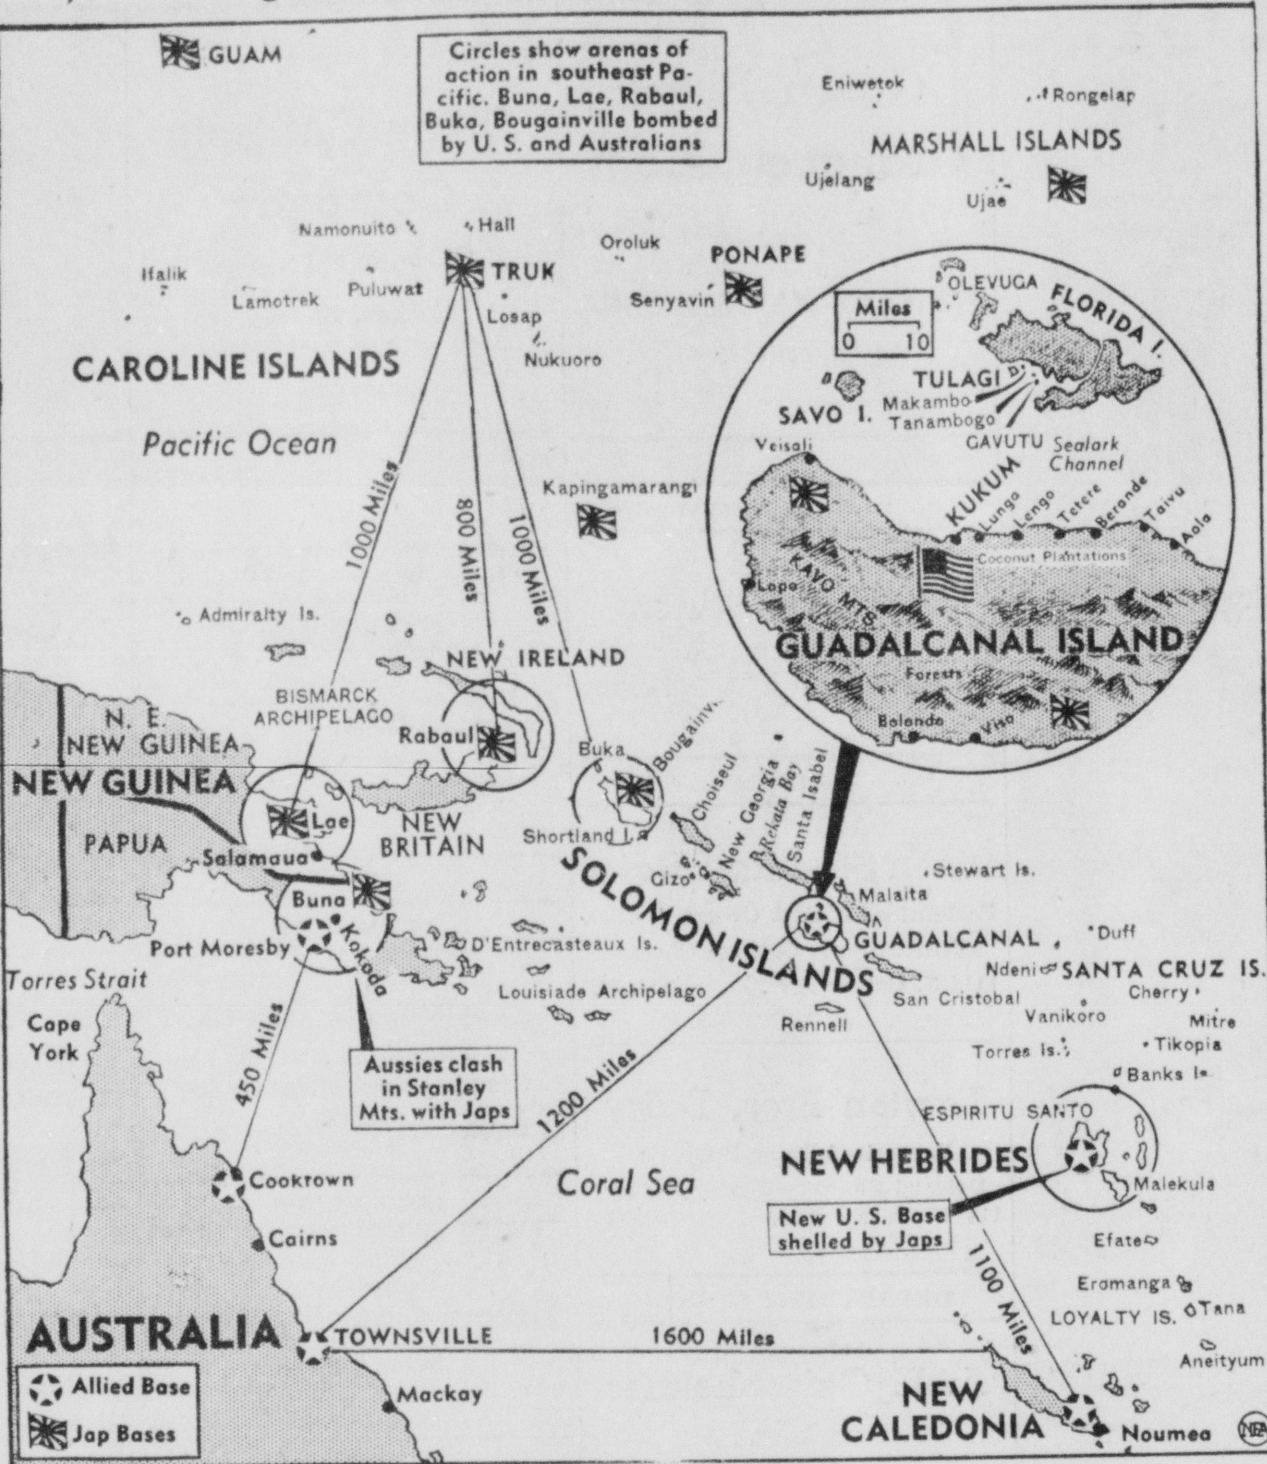

Their five-year-old brother escaped. Frightened, he was unable to tell authorities how the fire started. He said the others were huddled in a corner and refused to leave the house with him. The fire started while their mother, Mrs. Herman Jischowski, was at work in a field.

The Fighting Fronts in the Southeast Pacific

Bombs and battle have spotlighted a half dozen southeast Pacific areas, with Guadalcanal the principal center of fighting. Japs, probably operating from the Caroline Islands, have sent strong reinforcements to their bases in New Guinea and the Solomon Islands to continue the fight against Australian and U. S. forces. Meanwhile allied bombers have blasted nearby Jap bases.

92 Occupations in Communications to Be Held Essential

Washington.—(AP)—Ninety-two occupations in communications services are regarded by national selective service officials as essential to the war effort.

The list was issued as a guide to local boards in classifying registrants for deferment and is confined to occupations requiring six months or more of training. The services included telephone, telegraph, newspaper, radio broadcasting, newsreel and television and repair of facilities.

Last July the War Manpower Commission referred to selective service headquarters 34 "essential activities including communications. Since then selective service explained, the War Manpower Commission has been breaking these activities down into critical occupations which were in turn transmitted to local draft boards.

Selective service pointed out the new list was merely for guidance of boards as selective service could not direct the deferment of any special groups of men.

These Are "Critical"

The list of "critical" occupations follows:

Cost accountant, bank man, cable engineer, cable layout man, cable splicer, cable tester, newsreel cameraman, maintenance carpenter, central office installer, combination man (telephone and telegraph), composer operator, compositor, control room man, control supervisor (junior), control supervisor (senior), newsreel cutter, cylinder-pressman, director of international broadcasting, managing editor, electrician (all around), electrotypist, mechanical engineer, lithographic engraver, newsreel film editor, foreign language announcer-translator, foreign language news or script writer, composing room foreman.

Smuts Says German Army is Bleeding to Death in East

Premier of Union of South Africa Urges Allied Offensive

London, Oct. 21.—(AP)—Field Marshal Jan Christian Smuts, premier of the Union of South Africa, told a joint meeting of the House of Commons and the House of Lords today that the German army is "bleeding to death" in Soviet Russia and "the stage is set for the last, the offensive phase" of the war for the United Nations.

The 72-year-old premier said the "appalling blood-letting which is necessary for Hitler's ultimate defeat is being administered by the Russians and they alone can do it."

Russia, Smuts said, is "bearing more than her share of the common burden" and he urged that "whatever help in whatever form we can give to Russia to sustain her in her colossal effort should be given in fullest measure and with utmost speed."

In reference to the second front, Smuts said the defense phase of the war for the United Nations had ended.

Alignments Made
"The final alignments both of the allies and of our enemies have been made," he said. "Resources have been developed and mobilized on a very large scale. Ours are still on the increase, those of the enemy are on the decline. Our manpower is still growing, that of the enemy is getting depleted, while he makes ever heavier drafts on his suffering vassal peoples."

"The spectre of want, hunger and starvation are beginning to stalk through the subject countries and the spirit of unrest is heaving and rising. The explosive limits of endurance are nearing. We are approaching the point when both on the war fronts and on the home fronts in the enemy countries, the situation is ripening for far-reaching developments."

"Writing on Wall"
"Once the time has come to take the offensive and to strike while the iron is hot," he said, "it would be folly to delay, to over-prepare and perhaps miss our opportunity. Nor are we likely to do so."

The premier said the war "may continue till 1944."

"For Japan just as surely as for Hitler's Germany the writing is on the wall," Smuts said. "All that will remain of the spectacular Japanese success will be 'Japan for the Japanese.'"

Beard Chairman of Navy Day Activities

The Navy League of Lee county has named Harry Beard of Dixon as county chairman of the Navy Day celebration to be held here next Tuesday, October 27.

The county-wide celebrations, marking the most significant Navy Day observances in history, will be a part of nation-wide celebrations under the sponsorship of the Navy League of the United States.

World conditions will give the occasion added importance in this year of world war, as 70 county Navy Leagues in the most populous counties of Illinois organize to stress the importance of the Navy in parades, school meetings, civic assemblies and banquets.

Britton I. Budd, state vice-president of the Navy League, has announced that county chairmen will direct the activities of committees on church groups, service clubs, schools, patriotic societies, and agricultural groups. The chairmen will handle arrangements for speakers and programs.

Illinois leads all other states of the Middle West in its manpower contributions to the Navy, Mr. Budd said. For that reason, Illinois is acutely aware of the Navy League slogan for this year's Navy Day: "Your Navy—First of Attack."

Primary purpose of this year's celebration is to acquaint the American people with its Navy and to speed the purchase of War Bonds. Admiral Ernest J. King, commander-in-chief of the United States fleet, will be the principal speaker in the Ninth Naval District when he addresses a Chicago Navy Day gathering at the LaSalle hotel Tuesday night.

Illinois Is Listed as Labor Shortage Area

Washington, Oct. 21.—(AP)—The war manpower commission listed 66 labor shortage areas yesterday to be avoided in placing war production contracts "whenever the facilities for meeting the (production) requirements are available in other areas."

Illinois was one of the states in which shortages were noted by the commission.

"Labor shortages exist already in Joliet and Rockford, the WMC said and are expected in Chicago, Springfield and Sterling."

Field surpluses were listed in Aurora, Bloomington, Danville, Galesburg, Peoria and Quincy.

Politics

Here's What Illinois Candidates Say in Their Campaigns

REPUBLICAN

Chicago, Oct. 21.—(AP)—In a statement issued today, Sen. C. Wayland Brooks, Republican candidate for re-election, asserted that "The Democratic party... is sending its political storm troops of the United States senate to reinforce the waning Kelly-Nash machine in an attempt to overpower the people of Illinois."

Referring to a proposed trip to Illinois by Democratic senators, Senator Brooks continued: "While they (the Democrats) are preparing to draft 18-19 year old boys to be sent around the world to invade enemy shores, they send their own political troops to invade our state..."

"The people of Illinois need no outside interference and they will repel this invading political army, meeting them at the borders. The people of Illinois are leading the nation in their contribution to our war effort, and the people of Illinois will decide who will represent them in the senate and congress of the United States."

DEMOCRATIC

Chicago, Oct. 21.—(AP)—"There can be no middle of the road... Nov. 3—We can't be half-Roosevelt and half-Hitler and win," Mayor Edward J. Kelly, speaking on behalf of Raymond S. McKeough, Democratic candidate for U. S. senator, said in a radio address last night.

"The same forces of reaction which have opposed President Roosevelt since the start of his administration have enlisted apparently for the duration for the purpose of hamstringing the commander-in-chief's conduct of the war effort," McKeough said in another radio address.

Speaking of his political opponent, Sen. C. Wayland Brooks, the Democratic candidate predicted that "the people are going to the record to make their judgment of him."

Kelly spoke of Brooks and Stephen Day, Republican candidate for re-election as congressman-at-large as "the American Tory twins."

Chile's President Pledges to Solve Political Crisis

Santiago, Chile, Oct. 21.—(AP)—President Juan Antonio Rios had promised to solve "within the next 48 hours" a full-blown political crisis, growing out of Chile's continued diplomatic relations with the axis, which resulted in the resignation of the cabinet last night.

With the resignations of his ministers in his hands, Rios was free to appoint a cabinet which would resolve the smouldering differences in Chile between forces favoring "non-belligerence" and those demanding a clean break with the axis.

This struggle reached its climax when Foreign Minister Ernesto Barros Jarpa, an advocate of continuing relations with the axis, charged that U. S. Acting Secretary of State Sumner Welles offended Chile's national dignity recently by charging that she was permitting axis agents to use her territory as a base for hostile acts against her American neighbors.

Resignation Demanded
The foreign minister had a protest lodged in Washington over Welles' speech and, as a result of the storm, President Rios postponed a scheduled trip to the United States to be President Roosevelt's guest. Although generally approving President Rios' decision to postpone the trip, his supporters demanded that Barros resign.

When the foreign minister declared he would not consider resigning alone, a cabinet majority, which his known to oppose his conduct of foreign relations, agreed to resign together.

Democratic political circles expressed the belief that the appointment of a strong cabinet favoring complete co-operation in the defense of the continent would clear the way for Rios to make his visit to the United States and other American republics.

Joe Cronin to Go Overseas for Red Cross

Newton, Mass., Oct. 21—(AP)—Manager Joe Cronin of the Boston Red Sox put thoughts of baseball away today to prepare for a journey overseas to do war work for the American Red Cross.

He hopes he'll be back in time for baseball next year—if there is any baseball. But Cronin thinks there will be baseball because "the American people want it."

First news of Cronin's coming work overseas came in an announcement by the Red Cross in Washington yesterday. It explained Cronin would be assigned to manage one of its overseas leave clubs for American service men but gave no further details.

Monday Q. Back Lands Job as Coach: Success

Orting, Wash., Oct. 21—(AP)—Let's have a cheer for that venerable—and voluble—fraternity, the Monday morning barbershop quartets. One of the boys (and it's the barber himself) has landed a job as coach.

Roy Benjamin, who has honed a razor over many a football game in this town of 1,200 took the Orting high school job after the regular coach left for a war job. The team surprised the townfolk by going right out and scoring a touchdown for the first time in two years.

When Benjamin volunteered his services, a leader of the townfolk told him: "You've been quarterbacking the team from the shop every Monday morning. Roy. Go ahead and coach it."

Benjamin is a pretty busy gent between the shop and the field, but he granted the following long distance interview to a sports editor in Seattle:

"What do I do with the shop when I'm coaching? I close it up tight. My experience? I played football since I was four years old. Was captain of the Tomah, Wis., high school team in 1915. Don't write me up like I was a Rockne, because my boys are pretty green. But Orting scored a touchdown last week for the first time in two years, even if the other team did win, 51 to 7."

Bivins Rates Consideration for Late Wins

Cleveland, Oct. 21—(AP)—With decisions over highly regarded Bob Pastor and Tami Mauriello in his last two scraps, Jimmy Bivins deserves a spot well up in the heavyweight ranks today.

The punching Cleveland Negro, who normally fights as a light heavy, tacked on a couple of extra pounds last night and grabbed a split decision from a surprised and indignant Pastor who landed far more blows, although they weren't quite so sharp, the 10.576 faithful who entrusted \$35,908 to matchmaker Larry Atkins' care at the Cleveland arena seemed evenly divided on the verdict.

Bicycling Bob was provoked at the ruling, declaring "I won my last 14 fights and I didn't lose this one." Although Pastor twice slipped to one knee for no count, there were no knockdowns.

The Engineering Dept. swept its series from the 1100 Group last night. In so doing it strengthened its hold on the runnerup spot in the G. R. O. P. league standings and gained a notch on the league-leading Comptrollers No. 1 outfit which lost one of its three games to the Purchasing Dept.

Police Dept. No. 2 could win only one out of three from the Comptrollers No. 2, thereby dropping into a tie for third with Safety Dept., which was all-victorious in its engagement with the Personnel Dept. team.

Ordinance No. 1, Police No. 1 and Ordinance No. 1, each lost three straight in their respective matches with Inspection Greyhounds, Production Dept. and Comptrollers No. 3, thus making the Safety Department's rapid rise to the top four possible.

In the only other game played, Inspection Wolves knocked Safety Dept. No. 2, three in a row.

Collision or Collusion?

It happened this way. Indiana's Billy Hillenbrand was running along nice as you please when Messrs. Jack Durishan and Bill Dillon of Pittsburgh decided to employ a pincer movement. Hillenbrand stepped back (that's his foot at Durishan's waist) and this unlively impact resulted. Hoosier's beat Panthers, 19-7, in Pittsburgh.

Bierman Looks Towards Day When Notre Dame Will Give Up Football

By BURTON BENJAMIN
NEA Service Staff Correspondent

Chicago, Oct. 21—If Notre Dame gives up football (which is expected to happen about the same time the mint stops printing dollar bills), Bernie Bierman will have surmounted his only obstacle.

In three attempts—twice with Minnesota and once with the Iowa Pre-Flight school—the dour, perpetually-worried master mind has failed to take the measure of the Irish.

Bierman-coached teams—meticulous, sharp, power-laden—have battered all opposition so conclusively that Notre Dame's record assumes the proportions of a football monument.

Commissioned a lieutenant-colonel in the Marine Corps and assigned to coach the Iowa Air Cadets, Bierman's critics found fresh ammunition this season in the star-studded lineup of the sailors.

It has been repeatedly asserted that Bierman is a product of his material, that any coach with a normal amount of intelligence could produce winners given his array of talent.

Bierman Boswells deny this, notwithstanding the tremendous personnel which responded to the call at Iowa.

Based on Fundamentals
It is standard that football is 60 per cent material, 40 per cent coaching. Bierman defenders say it's 50-50 in his case.

The mild strategist with the cleft chin makes a 12-month job of coaching. He has endless patience with detail. He never overlooks a bet, is a superb organizer. Observers claim he has the finest analytical mind of any coach outside of Rockne.

His offense is conservative, not based on slight of hand. He operates from a single wing, believes in getting enough blocking ahead of the ball-carriers so that eventually they will explode into the open for long runs.

He never wavers from rock-bound fundamentals but makes them so perfect by everlasting pounding that they are rarely stopped.

It has been said his teams cannot pass, but time and again he has salvaged victories by air when his ground offensive stalled.

He is a master at building a defense for any opponent. He could always stop a one-man threat like Tom Harmon of Michigan, Otto Graham of Northwestern.

Illini, Irish Coaches Are Riding High

But, One Due for Fall When Teams Collide Sat.

Chicago, Oct. 21—(AP)—Football coaches, long accustomed to Monday morning quarterbacking, are being taken for a new kind of "ride" this season—atop the shoulders of their players.

Illinois gridders hoisted their coach into the air after upsetting Minnesota. So did Notre Dame players after their stunning conquest of the Iowa Seahawks.

But for Ray Elliott, Bob Zupke's successor at Illinois, and Ed McKeever, subbing for the ailing Frank Leahy at Notre Dame, it was a ride that, come Saturday, may lead to a fall. For then the two surprise teams of the nation go about trying to mystify one another at Champaign, Ill.

Illinois, unbeaten in four games, retained its fifth place ranking in the Associated Press national poll this week; Notre Dame, beaten once, shot into the eighth place—all this under the guidance of unheralded coaches.

Elliott took over this year after Zupke had not been able to direct Illinois to a conference win in two seasons. In his first conference test, Elliott saw his Illini machine roll over none other than Minnesota, the Big Ten champion.

Players Called for Him
A former Illinois player and later assistant coach, Elliott was overlooked in the Illinois hunt for a coach until the players themselves turned on the heat. They have been turning it on for Elliott ever since.

Notre Dame, unbeaten last year, started 1942 with a tie against Wisconsin, lost to Georgia Tech and then lost its coach Frank Leahy, who has been at the Mayo clinic the last 12 days for a physical checkup.

Backfield Coach McKeever, almost an anonymous figure on the Irish scene, stepped in. Notre Dame sparked Stanford, then the previously unbeaten Seahawks. But McKeever, who also was Leahy's assistant at Boston college, declined to take credit for the successes.

"People seem to forget Leahy gave the squad its groundwork," he said.

But he couldn't decline Saturday's ride off the field on the shoulders of Notre Dame players. It was something of a dream fulfilled. Back in October, 1931, McKeever was an ambitious sophomore fullback on the Notre Dame varsity. But he quit in disgust when he believed he wasn't getting a fair chance from Coach Hunk Anderson and went on to star at Texas Tech.

Illini Stress Offense
Yesterday Notre Dame practiced on several new plays in a signal drill and McKeever commented that "Illinois may be better set for us defensively than the Iowa Seahawks were, Illinois has scouted us in every game." The Illini held a 90 minute offensive workout behind locked gates.

Practice highlights from other midwest football camps:
Purdue worked on blocking and line play for the Wisconsin game. . . The Badgers held their first scrimmage since before the Missouri contest. . . Iowa placed emphasis on its running attack in a scrimmage for Indiana. . . The Hoosiers worked on defense. . . Michigan also sought to perfect its defense for Minnesota. . . In a brisk Gopher drill, Bill Daley and Herman Frickey rotated at left and right half. . . Ohio State and Northwestern both returned to fundamentals in preparing for their clash. . . Great Lakes, which may present an entirely new lineup against Michigan State, had Paul Anderson and Bill DeCorrevont in key backfield positions. . . Lectures and a general dummy scrimmage was the order of the day for Iowa's Seahawks, who will be idle until the Indiana game Oct. 31.

Only twice have his teams been defeated when they should have won. Against Nebraska in 1937 and '39, the Gophers got chesty, over-confident and let down.

He knows how to bring a team back, even after it has taken a physical beating.

Future opponents of the Iowa Air Cadets may consider themselves warned.

Leander Coss

Leander Coss, son of Mathias and Hannah Barkhurst Coss, was born at Bridgeport, Ohio, on June 17, 1855 and passed away Tuesday morning, October 13, 1942, at the age of eighty-seven years, three months and twenty-six days.

Mr. Coss came to Paw Paw, Illinois at an early age, April 15, 1877, and has lived here continuously for 65 years. He was a barber for over 55 years and did not retire from his work until almost 80 years of age.

He was united in marriage to Mary Elizabeth Sprague at Paw Paw, Illinois, November 29, 1882. To this union were born seven children: Charles, Robert, Jay, Hazel (Mrs. H. R. Town), Arthur, Pearl (Mrs. Milo Betz of Fairbury, Ill.), and Mildred (Mrs. Harold Miller) of Earlville, Ill.

Mr. Coss was preceded in death by his wife who passed away March 11, 1921, and one son, Jay, who passed away on March 26, 1935. Besides the surviving children he leaves 16 grandchildren and three great-grandchildren, other relatives and many friends.

He made his home with his daughters and son Arthur since his retirement. He was active until the illness of three weeks ago which ended in his death. Mr. Coss was a member of the Independent Order of Odd Fellows, Anchor Lodge 510 of Paw Paw, having been initiated on March 21, 1906. Until the past few years he has been faithful as an active

member and officer, having passed through the chairs to the honored position of a Past Grand.

The services were held in his memory on Thursday afternoon, October 15, 1942, at the Paw Paw Methodist church with the Rev. James H. Hagerty officiating. Mr. and Mrs. Frank E. Nangle sang "The City Four Square" and the interment was made in the Wyoming cemetery.

The Paw Paw Woman's club members gathered at the Village hall Friday afternoon for their regular meeting. This was an open meeting and a large number were in attendance. The program was sponsored by the Coca Cola representatives of Peru and slides on the "Arrangement of Flowers" by Laura Lee Burrows were also featured. These pictures were on the arrangement of different kinds of flowers into beautiful and unique bouquets. After the program the group exchanged flowers and there were many beautiful bouquets among those contributed. Mrs. Bayle Harper, the Gardens chairman, was on hand for the exchange. The Woman's club county meeting will be held in Dixon, October 21, and all are urged to attend this interesting and instructive meeting.

During the regular business meeting Mrs. Floyd Nevins, the War Service chairman, read several cards and letters from the local boys in camps thanking the Woman's club again for the lovely boxes they received from the members. Money and other donations were given to the club at this meeting for the making of many more of these boxes to be sent to the different boys throughout the United States. Birthday cards were also sent to the boys and plans were made for the continuation of the sending of these boxes.

After the business meeting and social time coca-cola was served to the group and a delightful afternoon was reported by everyone. The next meeting will be held next month.

Miscellaneous Shower

A large group of friends and relatives gathered at the home of Mrs. Eva Wetzel of Rochelle, Wednesday evening, where a miscellaneous shower was held in honor of Mr. and Mrs. William Wetzel.

William Wetzel has been training as an aviation cadet, at Kelly Field, San Antonio, Texas, and graduated October 9 and received his wings and lieutenant's commission and bars. He is now transferred to the Transport Command Airport at Romulus, Wayne county Michigan, and Mr. and Mrs. Wetzel left Tuesday for his new

field. The guests of honor received many lovely gifts and also the congratulations and best wishes of those present. A delicious lunch was served during the evening's festivities and a delightful evening was spent by everyone.

Those present for the delightful occasion were, Mr. and Mrs. William King and family, of Arlington, Mr. and Mrs. Harold Livingston, Mr. and Mrs. Edwin Heinzroth, and John Wetzel and family, of Rockford; Mr. and Mrs. George Wetzel and family, Mr. and Mrs. Ben Heinzroth and children, and Mr. and Mrs. Joe King and family of Rochelle; Mr. and Mrs. Joe Rooney and son, of Durand; Mr. and Mrs. Harold Hermert and children of Ashton; Mr. and Mrs. Fred Wetzel and son Raymond, Mr. and Mrs. William Foiles and family, and Mr. and Mrs. William Wetzel, Sr., of Paw Paw.

Honored At Dinner

Mr. and Mrs. Donald Larabee entertained a large number of friends and relatives at their home in Chana, at a delicious Sunday dinner. The occasion being to celebrate the enlistment in the Navy of Albert Radtke of Chicago, and also Joan Larabee's birthday. Albert enlisted in the Navy last week and is now stationed at the Great Lakes Naval Training station, in Chicago. The best wishes of the entire group were extended to the two guests of honor and the afternoon was enjoyed by all.

Those present to help make it a delightful occasion were, Mr. and Mrs. Otto Lou and family, and Miss Edna Du Zois, of Chicago; Mr. and Mrs. John Radtke and son Ernest and Mrs. Edward Radtke and son Dennis of LaMoille; Mr. and Mrs. Louis Shaddick and daughter Joyce and son Robert and Mr. and Mrs. Theodore Eich, of Paw Paw.

WORLD'S TEMPERANCE SUNDAY

Sunday Oct. 25, is World Temperance Sunday, when church schools throughout the world will be studying "Steps toward Solution of the Alcohol Problem." Miss Lucille Desjardins, field representative of the board of Christian Education of the Presbyterian church of the U. S. A. tells of asking a group of young people recently (mostly young men) at a summer conference, to make some practical suggestions of ways in which their youth groups in their home churches might set to work to build group sentiment against the use of alcohol in the social life of their community. The following were some of their suggestions:

1. Leave liquor alone yourself.
2. Make people conscious that a problem exists.

Arouse public sentiment against the use of alcohol in the following ways:

- (a) Poster contests, showing some of the fallacies in liquor advertisements, or suggesting why the production and distribution of liquor in war time is on patriotic.
- (b) Planned radio programs with interviews with influential leaders of young people in the community; also men and women prominent in defense jobs and in the Army, giving their statements as to the advisability of us-

That Extra Something!

...You can spot it every time

IT TAKES something extra...a plus...to make a reputation that everybody respects. Coca-Cola got its reputation for quality, because it has always been made the quality way out of quality ingredients.

Coca-Cola is an original creation with a very special something to offer, found in no other drink...a finished art in its making...a blend of wholesome flavors that creates for Coca-Cola a taste all its own. That's why Coca-Cola has the taste that charms...and never cloys.

There are many things for thirst but only one stands out for refreshment...ice-cold Coca-Cola. The only thing like Coca-Cola is Coca-Cola, itself.

War-time limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

The best is always the better buy!
